FIND SECRET KEYS!
In the ancient heart of olde England, the Sheriff of Nottingham ruled his people with a fist of iron. While the good King Richard crusaded, the Sheriff extorted higher and higher taxes from the poor folk of the land. Those who dared complain were thrown in the castle dungeons to rot.
Only one man could save them. A legend amongst men known only as Robin Hood. Once a noble man with land, servants and livestock, Hood becomes an outlaw and vows to defend the helpless, protect the needy and right evil.
But the Hood's first quest was not for the people, it was to rescue his beloved Marion!
